25X1 3. [REDACTED] Handcarried to Senator Stuart Symington the
25X1 Director's letter to the Senator on the subject of [REDACTED].
I also highlighted several points [REDACTED] which might be the subject of
discussion in the Senate Foreign Relations Committee meetings on the

third Chinese Communist nuclear test at 3:00 P.M., Friday, 13 May 1966. While
I indicated a preference to have the Agency make the entire presentation,
Mr. Conway was rather insistent that [REDACTED] also be present. In view of 25X1

Mr. Conway also mentioned that representatives from the AEC

of Military Applications of AEC, would possibly sit in on the briefing. The
presentation will be made by Dr. Chamberlain. Following the briefing, the
25X1 Joint Committee may direct questions to the [REDACTED]
